

IUMRS-ICA 2026

31 Oct - 5 Nov 2026

ICC TAINAN, Tainan, Taiwan

The International Conference in Asia of the International Union of Materials Research Societies (IUMRS-ICA) is one of the most influential platforms for materials research in the Asia-Pacific region. IUMRS-ICA 2026 will spotlight the ideas and technologies driving the next era of materials science.

This flagship event of IUMRS will feature **8 plenary lectures** delivered by world-leading scientists and **over 50 specialized symposia**, attracting **more than 1,000 global participants**. It will also host **over 80 industry exhibition booths**, fostering meaningful exchange and collaboration. The conference will further center on **8 major strategic forums**:

Energy Materials	Zero Carbon Emission Techniques	Polymer/Soft Matter and Biomedical Materials	Composite and Nano Materials and Materials Analysis
Electronic and Optical Materials	Ferrous and Non-ferrous Metal Materials	Artificial Intelligence and Theoretical Computation	Functional Ceramic Materials

We cordially invite you to contribute your latest research. Join the global dialogue in Tainan and shape the future with us.

Important Dates

Abstract submission opens
January 2, 2026

Abstract submission deadline
July 1, 2026

Notification of acceptance
August 1, 2026

Early-bird registration deadline
September 1, 2026

Official Website: <https://iumrs-ica2026.conf.tw> Call for Abstracts:
